HIGH SCHOOL- ADDITIONS AND RENOVATIONS S.P.N.042-0041 RNV BUILDING COMMITTEE East Hampton High School Meeting at East Hampton High School - TBell Thursday, March 21, 2019 Draft Minutes

<u>Committee Members Present</u>: Sharon Smith, Chairperson, Michele Barber, Vice Chairperson, Roy Gauthier, and Tom Seydewitz, and Michael Zimmerman

<u>Committee Members Not Present</u>: Cynthia Abraham, and Alternate Members David Ninesling and Thomas Cooke

Also Present: Robert Hart, Colliers International (CI)

<u>Call to Order</u>: Chairperson Smith called the meeting to order at 5:30 p.m.

Public Remarks: None.

Review and Approve Minutes:

Mr. Zimmerman made a motion and Vice Chairperson Barber seconded to approve the meeting minutes for the September 20, 2018 meeting. Discussion: On page 2, second paragraph, first sentence change "discretion" to "discrepancy". *Vote 5-0*

Vice Chairperson Barber made a motion and Mr. Seydewitz seconded to approve the meeting minutes for the January 17, 2019 meeting. *Vote 5-0*

Project Manager's Report (Colliers International):

Project/Financial Update: Colliers reported that Colliers recently performed a reconciliation of the town's general ledger against the project financial logs. There were several large bonding invoices that were charged to the project that Colliers was not tracking. Mr. Hart noted that the updated project budget bottom line is \$322k.

In regards to the copper water testing, the building committee requested Mr. Hart to get the sampling results from the school so that the building committee could understand if the treatment system installed in December is working. Chairperson Smith also requested to have the Water Boy LLC invoices on record. The invoices for the installation of the system should be approved by the building committee.

Reports and Discussion:

CM Update (DCC): DCC was not present during the meeting. The exterior wall masonry work was not completed by the meeting and Downes was working to schedule this work with the mason, however the rainy weather is continuing to delay scheduling the work. Mr. Seydewitz asked how the issues with the existing brick not part of the original contracted project. Chairperson Smith remarked that at the beginning of the project the project was over budget, and several existing condition items were not included in the scope in order to start the project within budget. It is possible that the existing masonry was one of those issues. Mr. Seydewitz also asked what the best way to ensure the gym floor work is performed and the insurance company appropriately pays the contractor for the work after the work is performed. Mr. Hart stated he would have to look into this to understand what options were available.

Architect's Update (SLAM): SLAM was not present during the meeting. Mr. Gauthier noted that the meeting to review the stage backdrop rigging was not held, and is expected to be rescheduled for the week of April 1st. The stage floor work is scheduled for June, after school is out for summer recess. Mr. Seydewitz noted that if the stage floor will not be complete until the summer, should the building committee pay for this work prior to the work being completed. In the past, the project does not provide payment until the work is complete. Mr. Hart noted that this item was special because while the change order is through Downes, SLAM is managing the work. In order to close out the project and for Downes to issue their final pay requisition, this change order will need to be paid prior to the final pay requisition. Chairperson Smith noted to continue this discussion during the invoice approval agenda item.

Action Items:

- Approval of Invoices: A motion was made by Vice Chairperson Barber to approve Downes invoice number 48, dated January 31, 2019, in the amount of \$17,245.31. Second by Mr. Seydewiz. Discussion: Mr. Seydewitz noted that he does not agree with paying the invoice at this time. Mr. Hart identified that if the goal is to close out the project before the summer, this invoice should be paid so that Downes can be closed out. SLAM is managing this work and given the project's history with the parties involved, Mr. Hart expects that this work will be completed by SLAM and recommends approval of Downes's invoice at this time. Motion passed 4-1.
- A motion was made by Mr. Seydewitz to approve Colleirs invoice number 21, dated January 31, 2019 in the amount of \$534.44. Second by Mr. Zimmerman. Motion passed 5-0.

Subcommittee Reports: Chairperson Smith acknowledged the success of the Washington D.C. photo array and would like to thank the subcommittee on their hard work to develop it.

<u>Chairperson Quarterly Report</u>: Quarterly Report number 20 for the period from July 2018, to December, 2018 was reviewed and approved with comment.

Public Remarks: None

<u>Next Meeting</u> – May 16, 2019.

Adjournment:

At 6:30 p.m. a motion was made by Vice Chairperson Barber to adjourn; seconded by *Mr. Zimmerman. Motion passed 5-0.*

Respectfully submitted,

Robert Hart Owner's Project Manager
