# Saint Clements Castle Clean Energy Expo 2010

## Welcome to Saint Clements Castle. Connecticut's Premier Weddings & Banquets Destination

Saint Clements Castle, also known as the Connecticut River Castle, is situated on 82 manicured acres fronting a mile of the Connecticut River in central Connecticut. This meticulously restored early 20th century European-style estate has many unique architectural features, and boasts a superb collection of original art and period antique furnishings. Soon to include a renovated full-service marina, the Castle currently hosts weddings, social and corporate gatherings of every description.

**Thank You for Attending!**

**Event Highlights**—Our goal is to help inform the community of the tools and resources needed to move toward a clean and green energy future. Visit with our vendors from local companies exhibiting their products and services for "green" building, renewable energy and efficiency. Attend the presentations in **The Prince Edward Ballroom** and learn how you can reduce energy consumption, generate renewable power and save money.
