## FOR IMMEDIATE RELEASE

### Christopher Brooke North Main Street Culvert Project Begins

#### TOWN COUNCIL

Patience Anderson  
*Chairperson*

Ted Hintz, Jr.  
*Vice Chairman*

Peter Brown

Melissa Engel

Mark Philhower

Josh Piteo

Kevin Reich

For the last 3.5 years the Town in coordination with the State of Connecticut DOT has been planning and designing the Christopher Brooke culvert replacement. Through the process the Town Council came to the decision that North Main Street must remain open to motor vehicle and pedestrian traffic during the entire construction period.

Construction will begin on May 16, 2016 and will continue through the summer. Residents should expect delays in the area and use alternate routes whenever possible.
