

Office of the **TOWN MANAGER**
MICHAEL MANISCALCO, MPA
mmaniscalco@easthamptonct.gov

Question:

I heard the Town Meeting on September 12th is to vote on spending \$250,000 for another study, is that true? What exactly will these funds be used for?

Answer:

The \$250,000 is for pre-referendum services that will help the Town drill down to a more exact project cost. The refined number will be used to propose the project to the public for consideration at a referendum. The \$250,000 includes services like: Architectural, Hazardous Material survey/inspections, Geotechnical Borings, Environmental Site Assessments, and Project Management.
