C. IW-22-003: Roseanne and Chris Scacca, 45 Lake Dr. LLC – 45 Lake Drive, installation of new processed gravel driveway (approximate 1600 s.f.) within the Upland Review Area. – Map 03A/ Block 44C/ Lot 10. Mr. DeCarli explained he received an updated site plan and revisions show the removal of the island out front due to Public Work requirements. Mr. DeCarli discussed the proposed removal of processed gravel and replacing it with peastone. Mr. Scacca further discussed proposed driveway changes by replacing areas with peastone and river rock. Mr. Scacca stated the processed stone is below the grade of the road and it is not draining into the road. Mrs. Scacca explained they are not doing pavers as previously discussed instead are using peastone. Vice-Chairman Kavalkovich asked if the site was in Upland Review Area. Mr. DeCarli replied it is and the site did not have a driveway previously. Mr. Scacca explained the area in front of the house was mostly mud that tracked into the street. Chairman Wilson asked if road drains to the yard. Mr. Scacca replied yes it does drain to yard and there is catch basin in the back yard. Mr. DeCarli discussed catch basins in the area. Mr. Wall asked if they were adding peastone to existing. Mr. Scacca replied it is 1-2 inches below grade and he will remove some crushed stone and add peastone. Mr. Scacca asked if an apron needs to be installed. Mr. DeCarli explained Public Works will require aprons and Public Works will provide their requirements.
