The plans were reviewed by the Town consultants and all their inquiries were satisfied. The application was presented at the last Conservation Lake Commission and no recommendations were made. Dave McKay, P.E. with Boundaries, LLC. stated that the following 2 revisions were made to the plan: the wetland setback was changed to 200' because it is in the Lake Pocotopaug Watershed and the storm water basin will include a future underdrain to improve future functionality. Mr. DeCarli stated that a revised plan was submitted with an overlay of the Master Plan on it to show consistency and that the dry hydrant is considered an As of Right Use per the Regulations. Attorney Heller provided a recap of the presentation given at the last meeting and added that Anchor Engineering has reviewed the drainage and overall plans. Mr. Boule made a motion to approve Application IW-20-011: Edgewater Hill Enterprises, LLC., construction of Market Square 2 building with regulated activities in the Upland Review Area Map 10A/Block 85/Lot 5C using the standard short form. 8. New Applications:

A. IW-20-019: David Bengston, 82 Spellman Point Rd., to demolish the existing home and construct a new 1,713.96 sq. ft. single family home within the Upland Review Area. Map 09A/Block 70/Lot 3. Mark Reynolds, P.E. presented. Site plans were made available showing what exists and an overlay of what is proposed. Runoff from the site will go into an infiltration bed. The patio that exists will be removed and the area will be mulched. A deck will be constructed in the same area with crushed stone underneath. The driveway will be pervious pavers. A variance was obtained for the garage. The site is flat and there is a concrete retaining wall at the edge of the lake that will act as a barrier along with silt fence. The Commission required a clean site plan without the overlay to decipher what is being proposed. Mr. Kavalkovich made a motion to continue Application IW-20-019: David Bengston, 82 Spellman Point Rd., to demolish the existing home and construct a new 1,713.96 sq. ft. single family home within the Upland Review Area Map 09A/Block 70/Lot 3 to the next regularly scheduled meeting on July 29, 2020.
