

Application to Inlands Wetlands and Watercourse Agency, Town of East Hampton, CT

#5 Narrative of the description of proposed activity for 91-93 Lake Drive, and Lake Drive Waterfront lot, Map, Block and Lot# - 03A/70A/58 East Hampton, CT 06424

We have lived at 91-93 Lake Drive for the past 38 years. We are seeking to subdivide the ownership of our two separate homes at 91-93 Lake Drive into two separate deeds with each couple, Donald and Nancy; and Robert and Sue Briere each retaining a separate ownership of their respective homes. This proposal has already been approved by the Zoning Board of Appeals where required variances were reviewed and approved.

We also jointly own a beautiful waterfront property across the street from our homes. We are also looking to subdivide this buildable lot property into 4 separate unbuildable parcels, two for each couple that will reflect property lines directly across from the houses. Map, Block and Lot# - 03A/70A/58

With this proposal there will be absolutely nothing done to change the existing property or its characteristics. Upon meeting with Jeremy DeCarli we were guided as to how to complete this application. We wish to maintain the beauty of our waterfront property for everyone.

We thank you for your consideration.

Nancy and Donald Briere

Robert and Sue Briere
