To whom it may concern:

This is to offer my unqualified support for the establishment and operation of Gene's breakfast and lunch establishment on North Main Street here in East Hampton. My support is born of two significant factors; there is a very real need in this community for a breakfast/lunch venue and there is a need to support local business that will serve the community and enhance the local tax base.

This establishment is located less than one hundred yards from my home which is located at 10 Hills Avenue. I do not anticipate the operation of this business to be in any way, a detriment to the neighborhood. I do see it as a response to a needed service for the community.

We are a strong supporter of promoting businesses in our community.
