Map 07/ Block 21/ Lot 6  
East Hampton, CT 06424

Dear Mr. Erlandson,

Pursuant to Section 4 (C) (2) of Public Act 96-157, you are hereby approved to conduct your activities within the Upland Review Area at **112 Middle Haddam Road, Map 07/Block 21/ Lot 6** as represented by the plan submitted on January 14, 2019 with your revised application. The conditions of approval are that **Erosion & Sedimentation Controls including silt fence and/or hay bales with stakes around the perimeter of all construction related work areas are to be installed prior to construction; you must notify Town Staff prior to commencement of activity; and Town Staff must be advised upon completion. This approval is contingent upon and it is your responsibility:**

1. To publish this approval (one time) in a newspaper that circulates in the Town of East Hampton within 10 days of the date of this approval.
2. To await a 15-day appeal period (15) days from the date of newspaper publication before beginning construction within the Upland Review Area.

**Failure to comply with these two requirements will automatically nullify this approval** and conducting your activity would constitute a wetlands violation, which could result in a fine being imposed.

Attached for your consideration, convenience and potential use is a draft public notice advertisement that needs to be published once by you in a newspaper which circulates in the Town of East Hampton.

Please call the Planning Office at 860-267-7450 to advise when the notice has been published, which newspaper, and provide verification of the same. If you have any additional questions, please feel free to call.

Sincerely,
