Re: Wood pool deck amendment to wetlands commission approval

Homeowners: Paul and Jana Gillingham
58 Middle Haddam Road
East Hampton, CT

Homeowners Representative: Vinny Torcasio, Natural Aquatics LLC

The addition of a wood pool deck to the wetlands commission pool and septic field approvals. Wood pool deck shall measure approximately 347 sq.ft. per drawing and be raised from the ground approximately 8" and flush with the pool coping. Approximately eight, 8" sonotubes with footings either poured in place or precast shall be buried to a depth of a minimum of 42" to support the outside perimeter of the wood deck and a ledger board bolted into the pool structure used to support the inside perimeter of the wood deck. 2" x 8" joists shall be used with hangers with decking material of either a wood or composite material.
