RE: APPROVED WETLANDS ACTIVITY AT
33 Spellman Point
Map 09A / Block 70A / Lot 25
East Hampton, CT 06424

Dear Mr. Catalano,

Pursuant to Section 4 (C) (2) of Public Act 96-157, you are hereby approved to conduct your activities within the Upland Review Area at 33 Spellman Point Map 09A/Block 70A/Lot 25 as presented. The conditions of approval are that **Erosion & Sedimentation Controls** including silt fence and/or hay bales with stakes around the perimeter of all construction related work areas are to be installed prior to construction; you must notify Town Staff prior to commencement of activity; and Town Staff must be advised upon completion. **This approval is contingent upon and it is your responsibility:**

1. To publish this approval (one time) in a newspaper that circulates in the Town of East Hampton within 10 days of the date of this approval.
2. To await a 15-day appeal period (15) days from the date of newspaper publication before beginning construction within the Upland Review Area.

Failure to comply with these two requirements will automatically nullify this approval and conducting your activity would constitute a wetlands violation, which could result in a fine being imposed.

Attached for your consideration, convenience and potential use is a draft public notice advertisement that needs to be published once by you in a newspaper which circulates in the Town of East Hampton.

Please call the Land Use Office at 860-267-7450 to advise when the notice has been published, which newspaper, and provide verification of the same. If you have any additional questions, please feel free to call.

Sincerely,

Jeffrey M. Foran
