

7 September 2019

To Whom It May Concern,

As one who passes the corner of Hills Ave and North Main Street almost daily, I am happy to learn that the property being developed there is slated to be a most welcome quality restaurant that plans to serve breakfast as well as other meals.

The craftsmanship exhibited in the construction is aesthetically pleasing. I am looking forward to seeing the interior upon opening. The building is a vast improvement to our neighborhood and I am hopeful the town will support this new and promising business.

Sincerely,

Aun White Sullivan
