Message:

Hi Jeremy,

I am writing to voice my opinion on the 22 home subdivision that is proposed to be built at 37 South Main St. I am in opposition of this for the same reasons as before when S.M.E.T opposed the subdivision 10 years ago. The main reason is the aquifers and the fact that it was proven they could not handle the draw. The destruction of the vernal pools that provide a habitat for distinctive animals and plants were another issue. Then there is the issue of noise. Noise that will last for what, a year or more in the building of these 22 homes?? My next door neighbor's house burned down. As they were building his new home they had to blast through the rock for three straight days to get a foundation built. Now times that by 22! I cannot even imagine the thought of a year of noise from building and a possible 66 days of blasting!! We know that this will have to happen because this area is full of rock and ledge. I have one in my cellar because they didnt blast them out in 1930. Then there is the issue of traffic on this street which is already out of control. I am not able to attend this meeting on July 5th as I will be out of town so please publicly announce that I am in opposition of this at the meeting

Thank you

Donna Fiederlein
49 South Main St
