Comments: Commercial incursion into East Hampton's residential zones has got to stop! Zoning regulations exist to protect property owners and allow them "quiet enjoyment" of their investments. Installing a 4,500 mega-mart at the corner of historic Main Street, within the Belltown National Register Historic District, is anathema to East Hampton's zoning regulations as well as our Plan of Conservation and Development. Commissioners of Planning and Zoning...please do your duty and vote "NO!"

Comments: This type of business does NOT belong in a neighborhood. It shouldn't be allowed in our small town at all. We have plenty of gas stations. The one on RT.66 is a big one. We absolutely don't need another.

Comments: The zoning regulations are in place for a reason and should not be changed! A gas station recently opened on Main street. Why is another oversized station (less than a quarter mile away) in a residential area needed? This will NOT benefit our town of East Hampton. Town officials, please support us; the people who depend on you as our representatives.

Comments: My husband and I live within 500 feet of the proposed construction. I wholly and entirely oppose this zone change from residential to commercial. This is a neighborhood not a strip mall. Such commercial development is entirely inappropriate in that location. It would be detrimental to our home values, the safety and cleanliness of our community, and a ghostly eye sore on our historic and picturesque Main Street.

No Zone Change

About this petition

As a resident of East Hampton, Connecticut, in regard to the application of Atlantis Marketing for a change from R-2 to C zone for property located at 157 Main St, 1 Colchester Ave and 5 Colchester Ave, I hereby protest the approval of such a zone change.

Comments: Our town deserves better than to be used to line the pockets of out of town developers who don't care about anything except making money. Our town has a soul and Atlantis Management Group is trying hard to chip away at it. Their plan to plop a gigantic gas station right in the middle of a residentially zoned neighborhood is abhorrent. It would change the integrity and history of East Hampton forever. Homeowners in residentially zoned areas should not have to worry about gas stations that are currently residentially zoned flipping the zoning and encroaching upon their homes. Residential MEANS residential.

| The zoning regulations are in place for a reason and should not be changed! A gas station recently opened on Main street. Why is another oversized station (less than a quarter mile away) in a residential area needed? This will NOT benefit our town of East Hampton. Town officials, please support us; the people who depend on you as our representatives. |

| I oppose the proposed zone change. We cannot allow out of town developers (Atlantis Management Group) to stain our historic Main Street with a huge, unnecessary... gas station. |

| This type of business does NOT belong in a neighborhood. It shouldn't be allowed in our small town at all. We have plenty of gas stations. The one on RT.66 is a big one. We absolutely don't need another. |

| Commercial incursion into East Hampton's residential zones has got to stop! Zoning regulations exist to protect property owners and allow them "quiet enjoyment" of their investments. Installing a 4,500 mega-mart at the corner of historic Main Street, within the Belltown National Register Historic District, is anathema to East Hampton's zoning regulations as well as our Plan of Conservation and Development. Commissioners of Planning and Zoning....please do your duty and vote "NO!" |

| Our town deserves better than to be used to line the pockets of out of town developers who don't care about anything except making money. Our town has a soul and Atlantis Management Group is trying hard to chip away at it. Their plan to plop a gigantic gas station right in the middle of a residentially zoned neighborhood is abhorrent. It would change the integrity and history of East Hampton forever. Homeowners in residentially zoned areas should not have to worry about gas stations that are currently residentially zoned flipping the zoning and encroaching upon their homes. Residential MEANS residential. |

| There are too many gas stations as it is. The zone change will just make the station in the middle of the historic district moot. |

| We must save our town from becoming a major city. There has been too much building here already. We must preserve our history. |
