I shared with Jeff and we both appreciate your keeping us in the loop with your plans (and you always have), but we both feel it is your property and can do whatever you would like with it. The garage looks like a nice design - so enjoy!!!! kathy

Hi Kathy and Jeff,

We are writing to keep you in the loop about our plans to go before the Zoning Board of Appeals on October 19th. As you know, we have been wrestling with the "garage decision" for some time and are eager to move forward. Finally we'll have the property complete so we can focus on planting trees, "greening up" the yard, and containing the dogs. Attached is a PDF with a drawing of the 16'x20' structure and also a map with the placement on our lot. As you know, because many of the "poets" properties are so close together, we need variances approved by the town. Our hope is that the garage will be on the same set-back line as the house. If this is a plan you are not opposed to, would you please respond to this email with your support.

Many thanks,  
Betsy and Andy
