East Hampton COVID-19 Update as of August 25, 2020

TOWN COUNCIL

James Brown
Chairperson

Dean Markham
Vice Chairman

Tim Feegel

Derek Johnson

Barbara Moore

Mark Philhower

Kevin Reich

East Hampton, CT, August 25, 2020 – According to the most recent information from the Chatham Health District, the Town is in its third week with no new cases of COVID-19. East Hampton remains at 55 diagnosed cases since tracking began in March. This is great news for the community as it demonstrates that our efforts to protect ourselves and others have been successful. We must remain diligent.

The Health District and the Town remind residents to maintain “social distancing” of at least 6 feet, stay away from larger groups of people, wear a face mask and practice good hand hygiene. Wash hands regularly with soap and water for 20 seconds especially after being in public, sneezing, coughing or nose blowing. If soap and water are not available, use hand sanitizer. Protect others by staying home if you are sick or have traveled to locations identified in the State’s advisory, covering coughs and sneezes and regularly cleaning and disinfecting frequently touched surfaces.

Town Hall remains open to the public for walk in service during standard business hours. Visitors are required to wear masks and to follow distancing and other protocols while in the facility. Residents are still encouraged to use online or remote options for services to the extent possible and may contact the individual department with questions or to make arrangements.

The Town is continuing to prepare further expansion of its in-person options including public meetings. Smaller meetings of boards and commissions have returned but will still require social distancing and mask wearing. Further, the Town Council will introduce a hybrid approach for its September 8 regular meeting through which the Council and others will be in the Council Chambers but that public participation will continue to be facilitated via an online platform such as Zoom. Details will be presented on the Town website.

For the most current updates and recommendations regarding COVID-19, visit ct.gov/coronavirus. For general questions, call 2-1-1.

For information on Town services, monitor the Town’s website and social media.

Updates will now be distributed every other week unless events call for additional updates. The next Town update is scheduled for Tuesday, September 8.
