Mr. Jenks presented his application to the Commission. He explained that he is requesting a variance for a 2 car garage: 3' on the east side of the proposed garage and 5' on the west side. He would like to preserve the existing trees on the property and feels that the proposed plan is the best configuration for the lot. All the existing structures will be removed and a new home will be constructed thereby bringing the property into conformance. He is requesting the variance due to the slope and position of the property. Chairman Walton asked if there were comments from the public at this time. Daniel Bighinatti of 49 Meeks Point Road asked for clarification of the scope of work and spoke in support of the variance. There were no further public comments.
